

## Multi-Trak 428 (UTTO)

Multi-Trak 428 (UTTO) is a long-lasting multi-purpose tractor oil specially designed to increase the performance of modern, extra high-performance agricultural and commercial tractors.

## Usage

UTTO provides a wide range of applications with its performance that helps prevent friction and vibration in all land applications such as construction, stone crushing machines and agriculture with tractor transmission systems.

## Features

**Excellent Oxidation Resistance**: The product, which is blended with sulfur-free base oils Group II and Group II+ and special performance enhancing additives, provides excellent oxidation stability, prolongs the life of the oil and keeps the transmission clean.

**High Vibration and Wear Prevention**: Provides effective protection against vibration and wear occurring in gears.

**Multi Purpose Property**: Eliminating the need for business due to occur in single multi-purpose oil, reducing the variety of products and provide flexibility to business inventories.

**Excellent Low Temperature Operation Feature**: Hydraulic oil circulation is provided under all conditions in cold weather applications and ensures regular operation.

**Excellent Sound Control**: Thanks to superior quality base oils and solid compounding, it provides excellent sound control in oil bath brake systems and spare units.

**High Thermal and Oxidation Stability**: It fulfills its duty by reducing the formation of deposits and sludge that cause blockage of oil passages and weakening of hydraulic movement, and prevents the oil from degradation at high temperatures.

## Technical Specifications

| | | |
|---|---|---|
| SAE Class | - | 10W30 |
| *Kinematic Viscosity @100˚C, cSt | ASTM D 445 | 9,6 |
| *Viscosity Index | ASTM D 2270 | 141 |
| *Density, g/cm$^3$ | ASTM D 4052 | 0,8679 |
| *Pour Point, °C | ASTM D 97 | -39 |

**Data given above are typical properties and may vary slightly.*
