

HDX Mono

HDX Mono is a mono grade engine oil formulated by adding performance additives to high quality paraffinic base oils for diesel and gasoline engines.

Usage

Monograde carter oil is recommended for some heavy duty machinery ,other heavy-duty diesel engines, diesel engine oil used in older models, it should not be used in two-stroke engines. It is also used for transmission and hydraulic systems of work machines.

Features

High Heat and Oxidation Durability: While this product provides a long oil change interval, extends oil life. It provides easy oil flow in cold climatic conditions.

High Cleaning Feature: Thanks to detergent and dispersant within, cleans engine parts.

High Protection Capacity: Thanks to with corrosion additives within prevents corrosion by forming a film on the metal surface.

High Corrosion and Foaming Durability: Thanks to its corrosion inhibitor within, the engine is protected against rust and corrosion and foam formation is prevented by the foam cutting additive, so the engine is protected against wear.

Performance of Sediment Formation Prevention: It prevents thickening of oil while controlling the formation of sediments at high temperatures.

Technical Specifications

SAE Viscosity Class	-	10W	30	40	50
*Kinematic Viscosity @100˚C, cSt	ASTM D 445	8.6	11.0	14.0	19.0
*Viscosity Index	ASTM D 2270	103	105	100	124
*Flash Point, ˚C	ASTM D 92	224	230	234	248
*Pour Point, °C	ASTM D 97	-21	-18	-15	-9
