

Generator Power SB 15W40

Generator Power SB 15W40 is a multi-grade semi-synthetic heavy-duty diesel engine oil specifically designed for generators, featuring high-quality synthetic base oils and superior performance additives. It can also be used to lubricate the engines of new generation diesel vehicles operating under demanding conditions. It provides effective protection and high performance in heavy-duty diesel engines.

Usage

It is used in generator applications. It also meets the highest performance standards for heavy-duty vehicles. It is used in light and heavy-duty vehicles operating in challenging road conditions. It is recommended for use in modern, low-emission, heavy-duty engines manufactured by diesel engine producers such as Mercedes-Benz, Volvo, MAN, Caterpillar, Cummins, and Mack, which operate under the most demanding conditions.

Features

High Dispersant Feature and Fuel Economy: Thanks to its dispersant property, it disperses and suspends impurities, ensuring that the lubrication channels in the engine parts remain constantly clean and open. This prevents the engine from being strained during operation, thus saving fuel.

High Thermal And Oxidation Stability: Due to the antioxidant property, the oil aging is very slow, so the periods of the oil change is long.

Superior Resistance to Reduction: Due to the semisynthetic structure, the oil reduction is minimal. The periods of the oil change is long.

Low Exhaust Emissions: It is an environmentally friendly product thanks to its ability to reduce harmful exhaust gas emissions.

Superior Corrosion Protection: It protects against engine rust and corrosion thanks to its corrosion inhibitör with a good film layer.

Technical Specifications

*Kinematic Viscosity @100°C, cSt	ASTM D 445	15,143
*Viscosity Index	ASTM D 2270	153
*Flash Point, °C	ASTM D 92	240
*Pour Point, °C	ASTM D 97	-27
*TBN, mgKOH/g	ASTM D 2896	14,2

**Data given above are typical properties and may vary slightly.*
