

Generator Power HD Super 15W40

Generator Power HD Super 15W40 is a heavy-duty diesel engine oil specifically designed for generators, achieved by blending high-quality base oils with performance additives in the API CI-4 class that can meet the expectations of state-of-the-art diesel engines.

Usage

Designed for generators, it is also used in all kinds of heavy-duty four-stroke diesel engines, turbocharged diesel engines, trucks and buses used for urban and intercity road transport that operate continuously for long periods, and commercial vehicles such as vans, minibuses, and panel vans.

Features

High Neutralizing Power: Due to its high TBN value, it can be used with high sulfur fuels. It neutralizes acidic substances and protects the engine.

Thermal Oxidation Stability: It keeps the engine clear, while this product provides a long oil change interval, extends oil life.

Excellent Protection: Protects the engine against wear at high temperatures, ensuring it remains within its initial manufacturing tolerances.

High Corrosion Foam Stability: Thanks to its corrosion inhibitor within, the engine is protected against rust and corrosion and foam formation is prevented by the foam cutting additive, so the engine is protected against wear.

Anti – Engine Wear: It prevents engine wear during initial operation.

Performance of Sediment Formation Prevention: It prevents thickening of oil while controlling the formation of sediments at high temperatures.

High Engine Power: It provides high engine power with high performance additive system. Turbo charge extends its life.

Fuel Economy: Due to the lubrication process is excellent, it provides fuel economy with superior friction characteristics.

Technical Specifications

*Kinematic Viscosity @100°C, cSt	ASTM D 445	15,0
*Viscosity Index	ASTM D 2270	134
*Flash Point, °C	ASTM D 92	234
*Pour Point, °C	ASTM D 97	-24
*TBN, mgKOH/g	ASTM D 2896	13,1

**Data given above are typical properties and may vary slightly.*
