

H601 Thread Cutting Oil X

This product is formulated with high-performance additives and special base oils for use in drilling, threading, and drawing operations on metals such as steel and iron.

Features

Superior Protection Performance: Protects cutting parts during operation, extending the life span.

Wide Application Area: Thanks to its wide range of applications, it reduces product diversity and saves on purchasing and storage costs.

High Lubrication Performance: They show good lubrication properties in various metalworking applications and prevent metal from boiling to metal.

Technical Specifications

*Kinematic Viscosity @40°C, cSt	ASTM D 445	100
*Viscosity Index	ASTM D 2270	103
*Flash Point, °C	ASTM D 92	234

**Data given above are typical properties and may vary slightly.*
