

Zeta V-PSA Plus X96 5W40

Zeta V-PSA Plus X96 5W40 is a fully synthetic gasoline engine oil manufactured for four stroke engines with high tecnology synthetic base oils and high performance additives. Increases engine's performance & power and supports fuel economy under most driving conditions. Can be used at API CF performanced diesel engines, too.

Usage

Modern gasoline engines, LPG and diesel engines are used safely for long periods of four seasons.

Features

Anti-Wear: Prevents wear during the initial start-up of the engine.
Low Exhaust Emissions: Helps protect the environment by reducing exhaust emissions.
Low Temperature Operation: Extends engine life by ensuring easy starting even at low temperatures.
Excellent Protection: Protects the engine against wear at high temperatures, ensuring the engine remains within its initial manufacturing tolerances.
Low Fuel Consumption: Keeps the engine clean, providing fuel economy.
High Heat, Oxidation, and Foam Stability: Extends oil life while providing long oil change intervals. Neutralizes formed acids, providing protection against rust. Prevents wear through foam control.
Superior Engine Cleanliness: Keeps the engine clean with its superior dispersant and detergent additives. Clean parts work better, providing high performance.

Technical Specifications

*Kinematic Viscosity @100˚C, cSt	ASTM D 445	14,0
*Viscosity Index	ASTM D 2270	154
*Flash Point, ˚C	ASTM D 92	252
*Pour Point, °C	ASTM D 97	-36

**Data given above are typical properties and may vary slightly.*
