

UHPD Plus GII 10W40

UHPD Plus GII 10W40 is a multigrade semi-synthetic heavy duty diesel engine oil formulated with high quality synthetic base oils and high performance additives for the lubrication of diesel engines of new generation heavy duty vehicles, ensures effective protection and high performance on heavy duty diesel engines.

Usage

It meets the highest performance class for heavy-duty vehicles. Used in heavy-duty vehicles. Speedol UHPD Plus GII 10W40 Mercedes-Benz, Volvo, MAN, Caterpillar, Cummins, low-emission diesel engine under the harshest operating conditions by manufacturers such as Mack is recommended to use in modern heavy-duty engines.

Features

High Dispersant Feature and Fuel Economy: It disperses impurities thanks to its dispersant property, which keeps the dirts inside and keeps the lubrication channels in the engine parts constantly clean and open. thus fuel saving is achieved.

High Thermal And Oxidation Stability: Due to the antioxidant property, the oil aging is very slow, so the periods of the oil change is long.

Superior Resistance to Reduction: Due to the semisynthetic structure, the oil reduction is minimal. The periods of the oil change is long.

Low Exhaust Emissions: It is an environmentally friendly product thanks to its ability to reduce harmful exhaust gas emissions.

Superior Corrosion Protection: It protects against engine rust and corrosion thanks to its corrosion inhibitor with a good film layer.

Technical Specifications

*Kinematic Viscosity @100 °C, cSt	ASTM D 445	14,77
*Viscosity Index	ASTM D 2270	163
*Flash Point, °C	ASTM D 92	245
*Pour Point, °C	ASTM D 97	-33
*TBN, mgKOH/g	ASTM D 2896	9,17
